

Parking at Reston Town Center

Effective January 2017, the Reston Town Center charges for parking. Rates vary from a minimum of \$2.00 for 1 hour of parking up to \$10.00 for an 8 hour period. Prior to your visit, please review the RTC website for information on how to use their parking system.

<https://www.restontowncenter.com/parking/>

When you arrive, please feel free to park in any of the above ground parking garages. The orange and blue garages are closest to our entrance. Please “pull-in” to the parking spot instead of backing in. This will help prevent any space monitoring confusion which could result in a ticket. You will need your car information (license plate, make, model and color of your car) in order to pay for parking. You can pay at the pay meters located at the entrances of the parking garages. If you prefer, there is a ParkRTC App, which you can download at the above website. If you choose to use the app, please download it BEFORE you arrive.

Once your allotted time is up, you end your parking session by leaving the parking garage, or you can extend your stay by paying at the nearest parking pay station or online via the ParkRTC app. If you didn’t download the app, please be aware of the time you parked, and which garage you are in. This will make things easier for you when you have to leave or extend your time. If you downloaded the ParkRTC app, it will contain all of your parking information and you can remotely extend your stay.
